

VEEV one

Quick start guide

You can change the VEEV ONE™ pod while your VEEV ONE™ device is turned on. When you insert the VEEV ONE™ pod, status lights will turn on slowly. You can use your VEEV ONE™ device.

VEEV ONE™ pods are designed to be used only with VEEV ONE™ device. Liquid droplets visible on the cartridge or mouthpiece, which may occur during unpacking or usage, must be wiped off with a clean dry cloth before use. Do not use the VEEV ONE™ pod if it appears to be damaged, tampered with, broken, or leaking.

SAFETY WARNINGS AND INSTRUCTIONS

This is the safety alert symbol. It is used to alert you to potential physical injury hazards.

PLEASE READ ALL SAFETY WARNINGS AND INSTRUCTIONS BEFORE USE TO AVOID INJURY.

These safety warnings and instructions cannot cover all possible conditions that could occur and users should exercise care and caution.

KEEP THESE SAFETY WARNINGS AND INSTRUCTIONS FOR FUTURE REFERENCE AS THEY CONTAIN IMPORTANT INFORMATION.

These Safety Warnings and Instructions are applicable to VEEV ONE™ pods. See www.XXX.com for any updates to these Safety Warnings and Instructions.

Intended Users

- VEEV ONE™ and VEEV ONE™ pods are for adult-use only.
- VEEV ONE™ and VEEV ONE™ pods are for adults who would otherwise continue to smoke or use other nicotine products.

- Children and adolescents should never use VEEV ONE™ or VEEV ONE™ pods under any circumstances.
- This product should not be used by persons with reduced physical, sensory or mental capabilities or lack of knowledge unless they have been given supervision or instruction to use the product in a safe way and understand the hazards involved.

Nicotine

- VEEV ONE™ pods contain nicotine, which is addictive.
- VEEV ONE™ and VEEV ONE™ pods are not risk-free. The best way to reduce nicotine-related health risks is to quit tobacco and nicotine use altogether.
- Some users may experience side effects including: abdominal pain, cough, dizziness, dry mouth, headache, malaise, nasal stuffiness, nausea, mouth irritation, throat irritation, vomiting.
- Nicotine-containing products should not be used by people who have or are at risk of heart diseases, are diabetic, are epileptic, or are experiencing seizures.
- Nicotine-containing products should not be used during pregnancy or while breast-feeding. If you are pregnant, breast-feeding or think you may be pregnant, you should quit nicotine use altogether.
- Stopping smoking or switching to VEEV ONE™ and VEEV ONE™ pods or other nicotine-containing products may require the adjustment of the dosing of certain medicines (e.g., theophylline, clozapine, ropinirole).
- If you have questions about whether you should use VEEV ONE™ and VEEV ONE™ pods given an existing health condition, you should consult a health care professional.

IMPORTANT SAFETY INFORMATION

WARNING Choking and Ingestion Hazard

- Keep VEEV ONE™ and VEEV ONE™ pods out of reach of children and pets at all time
- **CHOKING HAZARD** — VEEV ONE™ device, accessories, and VEEV ONE™ pods contain small parts.

INGESTION HAZARD:

- If VEEV ONE™ pods are swallowed, seek medical attention immediately due to risk of nicotine intoxication.
- If e-liquid is ingested, rinse mouth and seek medical attention.

⚠ CAUTION Irritation Risk

- Avoid contact of e-liquid with skin and eyes. In the event of:
- Skin contact: wash immediately with soap and water.
- Eye contact: rinse carefully with water for several minutes.
- Contaminated clothing: wash before reuse.

⚠ CAUTION Allergic Reaction Risk

- Using VEEV ONE™ and VEEV ONE™ pods could cause an allergic reaction, such as swelling of the face, lips, tongue, gums, throat, or body, difficulty breathing, or wheezing.
- Stop using VEEV ONE™ and VEEV ONE™ pods and seek medical attention immediately if you experience any of the symptoms above as they may indicate a serious allergic reaction.

Use of VEEV ONE™ pods

- Only use VEEV ONE™ with VEEV ONE™ pods specifically designed for VEEV ONE™. Never use VEEV ONE™ with other pods. Doing so may cause injury.
- Do not modify or attempt to refill VEEV ONE™ pods in any way or add any substance to VEEV ONE™ pods. Doing so may cause injury.

Storage

- Store in the original packaging at room temperature.
- Use VEEV ONE™ pods promptly once removed from original packaging.
- Do not use this product if it has been exposed to excessive cold, heat, or moisture.
- Droplets or traces of liquid may appear during usage, storage, or unpacking of VEEV ONE™ pods. Should you see droplets or

traces of liquid on a pod or on VEEV ONE™, without signs of leakage, carefully and thoroughly wipe the residue before use with a dry cloth (including the mouthpiece and contacts). Do not use the pod if it is actively leaking, or if any droplets or traces of liquid reappear after cleaning.

- Do not use this product if the VEEV ONE™ pod appears to be damaged, tampered with, broken, or leaking.
- Due to risk of VEEV ONE™ pods leaking with altitude changes, it is not recommended to fly with VEEV ONE™ pods that have been removed from packaging or have been partially used.
- Store in a place inaccessible to children.

Reporting of adverse events or incidents

- If you experience any unwanted health effect when using VEEV ONE™ and/or VEEV ONE™ pods, consult a health care professional.
- You can report any adverse event or incident directly by contacting your local Customer Care (details can be found in the Customer Care & Warranty booklet). By reporting side effects, you can help provide more information on the safety of this product.
- For more information, please go to www.veev-vape.com.

INFORMATION FOR DISPOSING OF VEEV ONE™ AND VEEV ONE™ PODS - Valid across European Union and EEA

This symbol on the product or on its packaging indicates that this product and its individual parts (including batteries) must not be disposed of with your other household waste. Instead, it is your responsibility to dispose of your waste equipment by bringing it to a designated collection point for the recycling of waste electrical and electronic equipment. The waste equipment can be returned free of charge to the point of sale in case of supply of a new electrical and electronic equipment. The waste equipment can be returned in any case free of charge to points of sale where the sales area for electrical and electronic equipment ("EEE") is at least 400 square meters. The separate collection and recycling of

your waste equipment (including batteries) at the time of disposal will help to conserve natural resources and ensure that it is recycled in a manner that protects human health and the environment. Disposing of waste equipment as unsorted municipal waste (e.g., by waste incineration or land filling) can have negative effects on the environment and human health. Owners of waste equipment can hand them in, within the framework of the possibilities, for the return or collection of waste equipment provided by public waste management authorities, so that a correct disposal of the old devices is ensured. For more information about where you can drop off your waste equipment for recycling, please contact your local city office, your local household waste disposal service or the shop where you purchased the product. The local importer of the product will provide for the financing of the treatment and recycling of waste equipment returned through these designated collection points in accordance with local requirements.
